& Interpreters Association

Wordfast Pro5: Getting Started

Saturday, June 15, 2019, in Austin, TX

This hands-on workshop for Mac and PC users will cover beginning to intermediate functions, including licensing, basic set-up options, projects from creation to completion, and translation and terminology functions.

We have chosen to offer a Wordfast workshop because Wordfast offers both Mac and Windows versions, whereas other computer-assisted translation (CAT) tools will only run on Windows, so Mac users can't use them without purchasing and installing Windows on their computers. However, the various CAT tools have numerous common features, so you'll be able to apply the skills you'll learn in this workshop if you decide to use a different CAT tool.

Workshop participants will be able to download a free trial version of Wordfast Pro5 to use during the workshop and will receive a **30% discount** if they decide to purchase a Wordfast license.

We will offer two 4-hour sessions. Participation will be limited to **15 people per session** in order to ensure that everyone can receive ample attention from the instructor and gain hands-on experience using this CAT tool.

Registration fees

- AATIA members (early-bird): \$95
- Non-members (early-bird): \$125
- AATIA members (after June 1st): \$125
- Non-members (after June 1st): \$150

Non-members can [join AATIA](#) before registering and register for the discounted AATIA member rate. **AATIA members please log in before registering to get the member discount (a login page will pop up when you click the Register button).**

We expect this workshop to fill up fast, so don't delay, register today!

About our presenter

Jamie Lucero has been a French to English translator and translation tools expert for over 20 years. After receiving his M.A. in Translation from the Middlebury Institute of International Studies at Monterey in 2001 and working as an in-house translator and translation tools administrator, he served as a Program Manager of the Bellevue College Translation & Interpretation Professional Certificate Program outside Seattle and as a board member for the NOTIS chapter of the American Translators Association. Jamie currently focuses on translation tools consulting and training at his company, Morning Star Translations. Jamie is a [registered Wordfast trainer](#).
